

burn out brighter (northern light)

Anberlin

Live, I wanna live inspired
Die, I wanna die for something Facing towards the heavens
I fell into a pitch black
I'm moments from landing and I'm shaking like a heart attack Is the time, can I turn back
I've made mistakes in the past
Need a chance, can't take it back
Wish I could set things right tonight [Chorus]
Live, I wanna live inspired
Die, I wanna die for something higher than myself
Live and die for anyone else
The more I live I see this life's not about me All I know spins out of control
Wonder what's next for heart and soul
Nothing I earned can save me now
Hearing one day be my final hour Is the time, can I turn back
I've made mistakes in the past
Need a chance, can't take it back
Wish I could set things right tonight [Chorus] Don't wanna leave this world knowing I preach in vain
Looked out for myself, so sorry so ashamed
Don't wanna leave this life knowing I barely tried
Chased all my dreams that I can't weigh on the inside Live, I wanna live on fire
Die, I wanna burn out brighter
Brighter than the Northern lights
Wanna live to feel the daylight
The more I live I see that this life's not about me
