Stranded

Dan Mackenzie

Upside down
My whole world is changing
Spinning around
And out of control
Should be letting go still Iâ€™m holding on to you
Cause Iâ€™m damned if I do, damned if I donâ€™t
Drowning with you or stranded alone
Here in the deep dark deep blue sea
Donâ€™t leave me stranded

Lost and found
This past year has turned me
Inside out
Broken down and burned me
But Iâ€™m hoping Iâ€™m still hoping right for you
Cause Iâ€™m damned if I do, damned if I donâ€™t
Drowning with you or stranded alone
Give me the deep dark deep blue sea
Donâ€™t leave me stranded

Can you breathe under water
Can you show me how
Could it be love is harder
Than this here now

Damned if I do, damned if I donâ€™t
Drowning with you or stranded alone
Give me the deep dark deep blue sea
Give me the deep blue sea
Donâ€™t leave me stranded
Donâ€™t leave me
Donâ€™t leave me stranded
