Paranoia

Ezra Henderson

Your fear of me leaving, that's what made me go
You kept running every time that I wouldn't pick up the phone
Kept asking me to fix it, you wouldn't tell me how
Now you're blaming me for everything. What am I supposed to do now?

Paranoia
Made your worst fears all come true
Paranoia
There was nothing I could do
Cause there's no defense for innocence, it just had to end
I hate how it destroyed ya
Paranoia
Woah yeah, yeah
Paranoia

You're blowing up my phone with your insecurities
Thinking "he's too good for me, so when's the day he's gonna leave?"
I tried my best to let you know how much you meant to me
But I can't keep proving that you're worth it when you don't believe
That I've been here through it all
I told you that I would catch you when you fall
But when you start to think I don't love you at all,
Talking to you is like talking to walls
And I know you know that I was loyal, you could tell
Tried to keep us both from going through hell
But I just couldn't protect you from yourself.

Paranoia
Made your worst fears all come true
Paranoia
There was nothing I could do
Cause there's no defense for innocence, it just had to end
I hate how it destroyed ya
Paranoia
(repeat chorus)

I still dream about you every night
And I know that you still wonder why
Why I had to leave you on your own, woah
I didn't wanna let our love die

But you kept tryna catch me in a lie
Now we both feel so alone
No love could ever survive

Paranoia
Made your worst fears all come true
Paranoia
There was nothing I could do
Cause there's no defense for innocence it just had (had to end, had to end) to end
I hate how it destroyed ya
Paranoia
(repeat chorus)
