

A Girl Like Me

July Child

Pick up your phone when it's time to go home,
Call all your girls but get dial toned,
Go drink, don't think, I won't lose sleep
Talk shit, go sneak to your new thing. Taking it, not giving it, you got me feeling paper thin,
Taking it, not giving it, tearing one another.
Taking all I have to give, you left me feeling paper thin,
Taking all I have to give, fighting for each other Get down with a girl like me,
Get down with a girl you'd like to know,
Make time for the girl you'd like to know,
Show her what you're thinking of.
A girl like me,
Get down with a girl you'd like to know,
Make time for the girl you'd like to know,
Show her what you're thinking of. Champagne on ice, I won't swing by,
Give back those nights I was by your side,
Keep cruising down the wrong roads,
You won't reach me on my cellphone. Taking it, not giving it, you got me feeling paper thin,
Taking it, not giving it, tearing one another.
Taking all I have to give, you left me feeling paper thin,
Taking all I have to give, fighting for each other Get down with a girl like me,
Get down with a girl you'd like to know,
Make time for the girl you'd like to know,
Show her what you're thinking of.
A girl like me,
Get down with a girl you'd like to know,
Make time for the girl you'd like to know,
Show her what you're thinking of. Don't you get up on my love,
Down on my luck,
Get up on my love,
It's you I'm dreaming of.
Get up get on my love,
You say you don't believe it,
Won't you get up on my love,
It's you I'm dreaming of. Get down with a girl like me,
Get down with a girl you'd like to know,
Make time for the girl you'd like to know,
Show her what you're thinking of.
A girl like me,
Get down with a girl you'd like to know,

Make time for the girl you'd like to know,
Show her what you're thinking of.
