

# Sure Thing

## Ruff Endz

Yeah, play that dance song  
I just want you to listen  
Never thought that there could be, can be a girl for me  
Never thought that I could find this kinda love in my lifetime  
No one never thought that she can make me so happy  
I got the girl of my dreams, I've found my sure thing  
You're my thing for long while  
Thought I've never be tied down  
Guess, I've never felt anyone made me believe love  
If you wanna get real love  
Got me thinking my future plans  
Wanna step up to the plate and be a good man  
Some look forever and never find  
The joy I'll found in you, so true  
You make me wanna do right  
Come home to you every night  
You've changed my life  
Like I'm in love for the first time  
You make me wanna settle down  
This love in you, I've found  
You make me wanna get the ring  
'Cause I've found my sure thing  
Never thought that there could be, can be a girl for me  
Never thought that I could find this kinda love in my lifetime  
No one never thought that she can make me so happy  
I got the girl of my dreams, I've found my sure thing  
Made you promises I've never meant to anyone  
And it's not about sex, I have a deeper love  
You have this inner beauty that I've never seen  
So incredible, so appealing  
Baby, I've give up everything just to have the joy  
The joy that you bring because my everything  
Like the cool breeze on a summer's day  
So refreshing to me 'cause you're the real thing  
You make me wanna do right  
Come home to you every night  
You change my life  
Like I'm in love for the first time  
You make me wanna settle down  
This love in you, I've found  
You me wanna get the ring  
'Cause I've found my sure thing  
Never thought that there could be, can be a girl for me  
Never thought that I could find this kinda love in my lifetime  
No one never thought that she can make me so happy  
I got the girl of my dreams, I've found my sure thing  
Give you house, the kids, the car, the dog  
I'm willing to give it all  
The joy, the pain, the sunshine  
The rain, everything  
All my thoughts and fears have disappeared  
Now that I have you here

And I've found the need to do whatever it takes  
All the, baby Never thought that there could be, can be a girl for me  
Never thought that I could find this kinda love in my lifetime  
No one never thought that she can make me so happy  
I got the girl of my dreams, I've found my sure thing Never thought that there could be, can be a girl for me  
Never thought that I could find this kinda love in my lifetime  
No one never thought that she can make me so happy  
I got the girl of my dreams, I've found my sure thing Never thought that there could be, can be a girl for me  
Never thought that I could find this kinda love in my lifetime  
No one never thought that she can make me so happy  
I got the girl of my dreams, I've found my sure thing Never thought that there could be, can be a girl for me
