Love Travels

Ceili Rain

So I stand here and gaze across the ocean
Knowing that I may not ever hold you
Quite the way I told you
But the distance won't silence my devotion
'Cause I believe there is still a way to reach out
In my heart there's no doubt

Love travels the miles upon the wings of angels
Love finds you, I swear it's true
I can love you from here
I love you from here

So I gaze at the photograph before me
Wondering if you still believe I love you
I did what I had to do
Then I look and I swear I saw you smilin'
Well heaven makes these tender hearts the strongest
Mine beats for you as long as

Love travels the miles
Upon the wings of angels
Love finds you, I swear it's true
I can love you from here

On moonbeams, on heartstrings
Love makes its way through anything
Love finds you, I swear it's true
I will always be near, and I'll love you from here

Well time will never change me
You just gotta believe it
Oh, and the dream that saves me is
That you're happy and that your free

It'll fly through the air with the greatest of ease
As much as you want now, as much as you need
Across every mountain, and all seven seas
Oh, the eagles will carry it on God's gentle breeze
And I'll never give up, I'll never give in
And you'll know that it's me when you hear the voice singin'

Li, li li li li li li .....

Singin', singin',singin'!!
Love travels the miles upon the wings of angels
Love finds you I swear it's true, I can love you from
Here
On moonbeams, on heartstrings
Love makes it's way through anything
Love finds you, I swear it's true, I will always be near
And I'll love you from here
Li, li li li li li li .....
