Know You

James Fauntleroy

(vers)
I remember lonely,
he wouldn't hold me, wouldn't touch me at all.
I do, and I remember crying.
He was the one that left me
crying with no shoulder to use.
And I remember lies,
he was one of them guys
that would look me in my eyes and lie.
And I was almost through
but then I ran into you,
I'm just so glad I know you.(chorus)
I didn't know love until I met love.
I got my hands up,
what would I do if I didn't know you.
Running out of hope until I mend love
Now I can stand up.
What would I do if I didn't know you.
You, what would I do if I didn't know you.
What would I do if I didn't know you.
What would I do if I didn't know you.
(If I didn't know you)(vers)
I remember angry,
he had some issues that we couldn't work through.
Oh he reminded me of jealous,
always accussing me and now
I bet he's jealous of you.
And I remember bye bye
he was one of those guys that was in and out my life all the time.
I was almost through but then I ran into you
I'm just so glad I know you.(chorus x2)
I didn't know love until I met love.
I got my hands up, what would I do if I didn't know you.
Running out of hope until I mend love
now I can stand up.
What would I do if I didn't know you.
You, what would I do if I didn't know you.
What would I do if I didn't know you.
What would I do if I didn't know you.

(If I didn't know you)
