

# Right Next To Me

## Blaque

What's up baby? It's me and  
My plane leave for Kenya in the morning  
I wanted to see you before I left  
But you're not home so  
Well this is finally my big break, wish me luck  
And um, I want you to know  
That no matter where I am or what I'm doing  
I'll always love you, bye bye  
Goodbye, it's time for me to go  
I'll call you in the morning so I can let him know  
The way you really feel boy will put your mind at ease, ease  
I don't think I will, if I make it, I still want you to be there with me  
I'll be there one day  
And you will be right next to me  
I'll be there one day  
And you will be right next to me  
Right here next to me  
I wonder will you be where I am, baby  
Will you be by my side, boy? Or with another girl?  
Now just wait a little longer boy I don't know how long  
Just try to understand this is not what I planned  
I'm so sorry this had to be, had to be  
I'll be there one day  
And you will be right next to me  
I'll be there one day  
And you will be right next to me  
Right here next to me  
Boy oh boy for every man there's a woman  
It's your lovin' that I choose  
And I can't afford to lose you, baby  
That's why I swear, I swear to the world  
I'll always be your girl, just say you'll be right next to me  
I'll be there one day  
And you will be right next to me  
I'll be there one day  
And you will be right next to me  
Right here next to me  
I'll be there one day  
And you will be right next to me

I'll be there one day  
And you will be right next to me  
Right here next to me  
I'll be there one day  
And you will be right next to me  
I'll be there one day  
And you will be right next to me  
Right here next to me  
I'll be there one day  
And you will be right next to me  
Right here next to me
