

Gotta Move

Honeymoon Disease

My heart stopped
Ain't beating no more
You electrified my soul
Hard to breathe
These eyes that I see
Makes me drown in the sea

And tonight
You've got me in a trance
But I keep on movin'
Movin' like a
Just like a rollin' stone
Woah
Tonight I'm leavin' all that I once knew
Sorry, love
But I've gotta move

I've gotta move
I've gotta move
I've gotta move

I've gotta move
I've gotta move
I've gotta move

Runnin' out
Out of control
My rhythm is in the roll
Runnin' free
Is all that I need
Satisfaction guaranteed

And tonight
You've got me in a trance
But I keep on movin'
Movin' like a
Just like a rollin' stone
Woah
Tonight I'm leavin' all that I once knew
Sorry, love

But I've gotta move

I've gotta move
I've gotta move
I've gotta move

I've gotta move
I've gotta move
I've gotta move

Tell myself this ending has to start
Our paths in life has ripped us apart
Tonight I'm leavin' all that I once knew
Sorry, love
But I've gotta move

I've gotta move
I've gotta move
I've gotta move

I've gotta move
I've gotta move
I've gotta move

I've gotta move
I've gotta move
I've gotta move

I've gotta move
I've gotta move
I've gotta move

I've got to
I need to move
