Emtee

Otep

eye remember
suffering
eye remember
... feeling the sting
of childhood
& injections
holy bruises
sweet infections
soaked
in
a
stew
like drowning
cockroaches
whose only ..
crime
was the
greed of
inherent
hunger
u know where
eye'm fragile
u know how
to kill
.....kill
all fall away
all fall today
PAIN!!
pain.
i can't keep
this rage in me
can't keep
pretending
can't be
this emtee
...anymore
i can
make
it go away

... make it go away
