H.I.V.E.

Nonpoint

GoIt's time to do a quick rewind
To find another line and bring it back
To get the juices flowing
You, you found infection with injection
Tell me liesTime is moving faster
You were the last one to reach inside
And grab my soul and kill it
Now you realize what you've done
Now you realize what you've done
Your time has comeGo
Pick it up, pick it up, pick it up
Tell me what got this funky fail into
Gonna feel that in your head and explode
Change your home
Bring yourself running for the sweet hiveHeart beats, pain inside
You wonder why you can't breathe
You're about to see your maker's eyes
That breath you took was terminal ill
Now you realize what you've done
Now you realize what you've done
Your time has comeGo
Pick it up, pick it up, pick it up
Tell me what got this funky fail into
Gonna feel that in your head and explode
Change your home
Bring yourself running for the sweet hiveI got this funky fail into
Gonna feel that in your head and explode
Change your home
Get yourself running for the sweet hive
Here we go
