

Stay With Me Baby

New Kids On The Block

Yeah, man oh, we're going to have some fun with this one, man
And I don't know where it's gonna take us
But it's a long way from Boston man, here we go Stay with me baby
(Stay with me baby)
Me whole life long, ha hah! Oh, stay with me baby
(Stay with me baby)
I can do you no wrong
Oh yeah Sure me saw you walking down that street
You were looking so good, I said you were looking so sweet
Then me didn't know what to say, all I know is that you're
Brightening up a beautiful day Oh, yeah we're groovin' now man
Oh, yeah Nobody can tell me my baby's not for real
They don't know just how she feels
What a girl, me pretty little thing, ah, oh Stay with me baby
(Stay with me baby)
Me whole life long Oh yeah, oh yeah, oh yeah
Stay with me baby
(Stay with me baby)
I can do you no wrong
Me could never do you wrong I could never repay you for the love you've given to me
Me play every day and stay with me for eternity
The only thing that we know for sure
Me could never ever doubt you, oh Nobody can tell me my baby's not the best
She's the best, ah she's so fresh
What a girl, my pretty little thing, ah, oh Everybody sing
(Stay with me baby)
Me whole life long
That's a mighty long time Oh stay with me baby
(Stay with me baby)
I can do you no wrong Everybody
Listen to the whole thing
I am
One more time Nobody can tell me my baby's not for real
They don't know just how she feels
What a girl, my pretty little thing, ah, oh Everybody sing
(Stay with me baby)
Me whole life long Stay with me baby
(Stay with me baby)
I can do you no wrong Here we go again

It is no fun to stay here
So long without cha
It may be possible
Just me thinkin' about cha
My baby never plays those silly little games
The only thing she knows
Is to do the right thing We be jammin'
We be jammin'
Hey, we be jammin'
I am Okay now
I want everybody out there
To help me out this style
Everybody sing Stay with me baby
Stay with me baby
