# Parachutes And Airplanes

## David Archuleta

There's something crazy about this day
Like I'm walking on a trampoline, I couldn't get much higher
So if I ask you, would you stay
'Cause you remind me of a ballerina dancing on a wire
And I don't ever want to say goodbye
I just want to steal this moment right away from time
What do you say when you can't look down
When you feel like you're ten feet off the ground
What do you do when you're on the edge
Now you're here
And you got me thinking 'bout parachutes and airplanes
Thinking about parachutes and airplanes
We'll never hit the ground, ground, ground, ground
The world's a thousand shades of blue
Like we're here in the kaleidoscope, don't want it to be over
But everything that's in my mind is here, right in front of my eyes
And you're the one who got me here
And I don't ever want to say goodbye
I just want to steal this moment right away from time
What do you say when you can't look down
When you feel like you're ten feet off the ground
What do you do when you're on the edge
Parachutes and airplanes
Thinking about, parachutes and airplanes
We'll never hit the ground
'Cause life gets hard sometimes
And I just need a place to get away
So turn the world around, I'm never coming down
'Cause I don't ever wanna hit the, wanna hit the ground
Ground, ground
I don't wanna hit the ground
I don't wanna hit the ground
What do you say when you can't look down
When you feel like you're ten feet off the ground
What do you do when you're on the edge
Now you're here
And you got me thinking 'bout parachutes and airplanes
Thinking about parachutes and airplanes
Yeah, yeah

What do you say when you can't look down
When you feel like you're ten feet off the ground
What do you do when you're on the edge
Now you're here
And you got me thinking 'bout parachutes and airplanes
Thinking about parachutes and airplanes
We'll never hit the ground, ground, ground, ground
Never hit the ground, ground, ground, ground
