Yeeeaaahhh

The Crowns

Yeah,
You dont know what you want
Youre such a big shot, big mouth
And thats all that you got,
you got, you got, you got, you got
Yeah,
We aint messing around
We spread love, dont kill
And shake some solid ground,
Some ground, some ground, some ground, some ground
The crowns are out in town
And weve got news for you
Whenever were around
The place is going down
Best dont make a sound
Cause you dont wanna be found
your girls are getting crowned
Cause we are out in town
Yeah,
Double laced my shoes
I grab my jacket,
Cause I got nothing to lose
To lose, to lose, to lose, to lose
Yeah,
Youre face starts to glow
Youre getting wasted
And act like a fool
A fool, a fool, a fool, a fool
