

By the Pain I See in Others

Opeth

Let me taste
Let me feel
I need to know what you keep inside No need to speak
Just let it be
Carry out this wish for me let nothing interfere Rise to submission
I'm still beneath in the soil Discard your clothes
Let loose your hair
We're intertwined forever and has always been Say the word
And I'll depart
Upon your lips dwells nothing but the meaning of my cause And so comes the dark
Vibrant as ever before
Flowers already withered
In this endless winter of souls Outside in the park
The days move along
And nothing ever changes They have nothing on us
But we've always knew
That nothing ever changes Rise to submission
I'm still beneath in the soil
This is ours alone
Feeding off the warmth
Lured out from the inside Depending on the life blood Silently
Whispering
Move in me and set me free
