Winter

Craig Cardiff

Spring is almost here
I don't think you understand
How much winter takes out of a personBetween the drugs and the drinks
You could hardly think of a single to say
That would make it okHow do you make things right?
When everything is built wrong?
How can you think you can make it right
with a song?THE TRUTH WAS CONTAINED WAS IN A PHOTOGRAPH
THAT YOU HELD AND KEPT TO THE LIGHT
ITS TRUE THAT YOU DO WHAT EVERYBODY WANTS YOU TO
BUT IT DOESN'T MAKE FEEL MORE RIGHTAND ITS ALL YOU CAN TAKE I CAN TELL
YOU'RE NEAR THE BREAKING POINT
AND IT WAS THE PICTURE OF YOU
THAT GOT US THROUGH AND I NEED YOU TO KNOW THATLemons and lemonade
Everybody was afraid of falling out of favour with you
You said money talks
I said it talks louder these days than I care to admitAnger Fades
Sadness takes its place
This'll be the year the country learns to be braveAnger Fades, Sadness takes its place
This'll be the year the country learns to be braveThe truth was contained in a photograph
That you held and kept in the light
And its true that you do what everybody wants you to
But it doesn't make anymore right
