Forevermore

Jed Madela

They see me out my friend
Ive something to say thats from within
Its our last memory
Try to think back Ill help you see
All of those nights we shared
All of those days you are thereI just wanna love you forevermore
And I wanna hold you just like before
And maybe someday we might just find a way
And we can love forevermoreIf I could turn back time
I would have never let you go
And you would still be mine
But here I am crying all alone
All of love we shared
All of time you are theseI just wanna love you forevermore
And I wanna hold you just like before
And maybe someday we might just find a way
And we can love forevermoreIm lost without you
Oh tell me what should I do
Now that youre gone
I cant go on all alone
Im a lonely man, I need you againI just wanna love you forevermore
And I wanna hold you just like before
And maybe someday we might just find a way
And we can love forevermore
