

Juicy Wiggle

Redfoo

I walk into the party
I've seen something i never saw
Everybody was moovin', groovin'
Girls .. they were dancing on the bar
This was no ordinary dance..
hey man, why everybody swim in a trance?
I couldn't figure it out like a grandpas riddle
I ask someone what are they doing
And they said JUICY WIGGLE!
Now move your hips and dance like fish
Get juicy, get juicy, get juicy
Get juicy, get juicy, get juicy Now I done just lost my mind
All those people wiggling they stuff
Hey man, you gonna do the dance?
Man, turn that up for what
Give me a shot, I love the shot
Tell them get ready for me
To show you what I got
Then my body froze up, it was getting to my head
What if I can't do it, then everybody say
Get juicy, get juicy, get juicy!
Two girls are shaking
And I jumped in the middle
Kissing then we do it and they said JUICY WIGGLE!
Get juicy, get juicy, get juicy
Get juicy, get juicy, get juicy Right about now, we really gonna have some fun
Oh yeah?
I'm talking about tickling ivory
But first I need some 151
And a match
It's time to light it up, let's go now!
Get juicy, get juicy, get juicy
Aim to let you know we're making it jiggle
So when the beat drops everybody JUICY WIGGLE!
Get juicy, get juicy, get juicy
Get juicy, get juicy, get juicy
