Zion the land of Joy
Jerusalem the land of glory

Till I see you then will all my sufferings be forgotten

Zion the land of Joy
Jerusalem the land of glory
Till I see you then will all my troubles be no more

O Zion
O Zion
O Zion
The Holy Mountain

O Zion
O Zion
O Zion
The city of glory

Im hungry is not found in there
Im thirsty does not exist there
Earthly principalities and powers have no place in you
Till I see you then will all my sins come to an end

Zion the land of Joy
Jerusalem the land of glory
Till I see you then will all my sufferings be forgotten

The living word is what we wish to hear
grant us the understanding o God of heaven

Till our ears hear your word
only then will our troubles come to an end

The path of truth is where we wish to tread
show us where it is o God of heaven
The path of truth is where we wish to tread
show us where it is here in Nigeria

Until we understand it then will all our suffering end
