Sing, Sing

Ninjas With Syringes

Sing, sing, sing with me
Say you never want to let it be
They followed her all the way home

Sing, sing, sing with me
Say you never want to be with me
This time they took me for all that I own

So Iâ€™ve said it before
Just like Iâ€™ll say it again
Everything will end
Exactly where it begins

When you lose yourself in other peopleâ€™s eyes
Then youâ€™ll never back down
No, not without a fight

So sing, sing, sing with me
Say you never want to let it be
They followed her all the way home

Lie, lie, lie to me
Like you never really had a choice
This time they took me for all that I own
Right now

They told me to climb a mountain
But to climb a mountain
You have to go down them
And never around them

I work on the weekend, baby
So we still have one
All I know is that Iâ€™m here
Because Iâ€™ve

Said it before and Iâ€™ll say it again
All our best times start exactly where we begin
When we love ourselves in other peopleâ€™s eyes

Then weâ€™ll never back down, no not without a fight

So sing, sing, sing with me
Say you never want to let it be
Lie, lie, lie, to me
Speak out in my own voice
And die, die, die
They say itâ€™s all that I know
All I know

Sing, sing, sing with me
Say you never want to let it be
Lie, lie, lie, to me
Speak out in my your own voice
And die, die, die
They say itâ€™s all that I know

All I know
