

# Rain or Shine

## Beat Assailant

Yeah  
Rain or shine  
The goal stay on my mind  
Grind hard over beats everyday I've be trying, I'm  
On the comeback like the surgery  
Been 300 shows on the road can murder me

Timeshare quicker than an F1 pilot  
on the stage?  
What's your drug?  
What's your walk? Go try it  
I'm a fine ride by my design  
You always know I got your back though rain or shine

You can make it all the time whether rain or shine  
Don't you know I'm on your side  
Let's do it all, do it, do it all  
(2x)

Left me down, out for dead  
Next time i advice aim for the head  
?Cause the heart's too strong, I just long  
That I might be stopped in the end of the song, now

Tellin' rhymes is a tortured process  
im blessed and aint steppin off my progress  
Know this the rules how they hate your paper  
Smilin' shakin' hands but they love to break ya  
Love to break ya  
Love to break ya  
Sure you better bet they'll assassinate ya (?)  
Yes this is the mission, see how they all react  
However way you want it, yo I got your back

You can make it all the time whether rain or shine  
Don't you know I'm on your side  
Let's do it all, do it, do it all  
(2x)

Scrape me up off this map

Gotta keep it on track it's just a setback  
When I get knocked down,  
Feel the sound vibratin' through my bones  
Reach for the crown

?Cause I can't die here  
Blood and tears  
Being shed on my head gotta persevere  
It's clear we dependent to some ugly time  
So I combat the beats with some nasty rhymes

And my name appears on the dotted line  
And I (?) right before I sign  
And there's sharks and snakes in this world of rhyme  
I've been here through the breaks yeah it's rain or shine  
C?mon

You can make it  
All the time  
You can make it  
All the time  
You can make it  
All the time (Yeah)  
You can make it  
All the time

(C?mon) You can make it all the time baby rain or shine  
Don't you know I'm on your side  
Let's do it all, do it, do it all

You can make it all the time baby rain or shine  
Don't you know I'm on your side  
Let's do it all, do it, do it all  
(4x)
