

# The Chance of Love

**Bee Gees**

You and me, we're both the same  
Its this life a lonely game  
I used to be a happy man And now I understand  
Just what it's all about  
I never had a doubt  
On the chance of love As a boy, I lived down here  
I always saw you near  
To be together was happiness And I just can't forget  
The moment we first kissed  
I'd like to try again  
On the chance of love Yeah, on the chance of love  
I'll do anything to get you by my side  
On the sound of love  
I will love you girl, you'll be mine All the world would then be free  
An apple falls from an apple tree  
You and I will be together And you will understand  
When I first take your hand  
I'll open up the door  
To the chance of love
