Sexy Chica

Miss Lady Pinks

It's lady pinks
With your boy jon izze
I know they feelin you on this one baby
Sexy Chica Sexy chicas Sexy chicas

Girls like those finer things
Diamond rings chromed out impalas
They live the lavish life
They are the sexy chicas
They are the model type
The kinda girls you see in magazines
They got it goin on
They are the sexy chicas

So good so hood I'm a sexy chica
That type of girl that makes you wanna take a flicka
Pedicure toes, bath & body works
Long finger nails with a tight mini skirt
I'm a flirt
With my silky long legs, have you in a daze
And make you wanna chase
Please keep your distance cause it ain't that easy
I've heard it all before with lines so cheesy
You may say that I'm vicious cause I broke your neck
Next will be your heart if you take a step
This is a womans threat now don't you forget
You won't get far if a woman don't let
You that it's true that's why your feeling blue
Silly boys I wrote this song for you, and you and you
Haha for all of you
