Feel the Same

Trisha Paytas

I don't even need to talk to you
to know I like you
James Deen and a cocky attitude
let me invite you in
A little bit closer
don't needa get to know ya
Boy I'd rather show ya show ya
I don't need stories
baby don't bore me
give me that oh yeah oh yeah

I, I just wanna love free
I, just talk with your hands baby

I'm not looking for the real thing or a lover
I need a man who knows to keep me under cover
If you want me come get me
We don't even need to share names
Boy if you feel the same

If you feel the same
If you feel the same
If you feel the same same same same

If you feel the same
If you feel the same
If you feel the same same same same

If you want me come get me
We don't even need to share names
Boy if you feel the same

Let's get a little drunk
Have a little fun
If you want I can show ya show ya
It needs to get crazy
Go a bit hazy
Time for that oh yeah oh yeah

I, I just wanna love free

I, just talk with your hands baby

I'm not looking for the real thing or a lover
I need a man who knows to keep me under cover
If you want me come get me
We don't even need to share names
Boy if you feel the same

I know I know
That you're gonna fall
Boy don't do it
Or you gon' lose it
And if you feel the need to say
That you love me that's okay
But I don't feel the same
So, bye

I'm not looking for the real thing or a lover
I need a man who knows to keep me under cover
If you want me come get me
We don't even need to share names
Boy if you feel the same

If you feel the same
If you feel the same
If you feel the same same same same

If you feel the same
If you feel the same
If you feel the same same same same

If you want me come get me
We don't even need to share names
Boy if you feel the same
