

Love Will Always Find You

Donna Summer

Love will always find you
No matter where you hide I'm running
Love is gonna find you
It's just a matter of time Love's our common hero
It's always gets it's man
'Cause love is so much stronger
Don't you know that will win in the end
Love will always find you Well love will always find you
No matter where you are
Love is gonna reach you
Or it never really that far No, no man is a Island
We weren't born to be alone
Life is made for sharing
And love is gonna find you home I spent my whole time waiting
I lost my faith in love
Just as I was hurting
And you just turned up So never give up hoping
It can't see you around the bend
And be sure of one thing
Love is waiting at the end Oh love will always find you
No matter where you hide, yeah now
Love is gonna find you
It's just a matter of time Love our common hero
It always gets it's man
'Cause love is so much stronger
Don't you know it wins in the end Love will always find you
No matter where you hide, oh yeah
Love is gonna find you
It's just a matter of time Love our common hero
Always gets it's man
'Cause love is so much stronger
It's just a matter of time
