

# Smoke

## Venom

Beware my curse for I am ghost  
From where I came in pain it ends  
You're breathing in I'm taking out  
I will destroy & I will shoutSmoke  
Like a storm in the night  
Rising up to take flightOpen your eyes they bleed & weep  
Can't see your face in distant fires  
Looking at pain in pleasure stale  
I am the air that you inhaleSmoke  
SmokeInhale my life my blackened lies  
Filling the air I pity not  
Forever young prepare to die  
Glorious smoke I'm taking lifeSmoke  
As a storm never  
Into infinity flies
