O What a Beautiful Dream

Elf Power

Lift me up through the tops of the trees,
and I'll sleep till the morning,
come to live in the glorious dream,
let me sleep till the morningI'm thinking of drinking the entire sea
Where fishes make wishes and swim into me,
There is no place other that I'd rather be,
Oh what a beautiful dreamJust remember invisible eyes,
They will see you clearly,
So surrender now into the night,
and you'll sleep so deeplyI'm thinking of drinking the entire sea
Where fishes make wishes and swim into me,
There is no place other that I'd rather be,
Oh what a beautiful dreamAnd I've lost my head inside the dream,
And I'll pain the scene for youBut not before I wake from sleep
No, not before I wake from sleep
