

Happiness

Raging Fyah

Yesterday's gone
Today is Now
Tomorrow is near
So dry those tears
When the sun doesn't shine for ya
Just look inside
And there you will find the light
Just let shineLa la la la la la
Happiness yea yea
Some folks are strange
Some try to make you change
But I have seen them come (Oh yes I've seen them go)
I have seen them run out (Oh yes I've seen them go)
When the sun doesn't shine for you
Just look inside
And there you will find the light
Just let it shineLa la la la la la
Happiness yea yea
I am gonna walk away from all the sadness
I am gonna live my life in happiness
When the sun doesn't shine for you
Just look inside
And there you will find the light
Just let it shineLa la la la la la
Happiness yea yea
