

# Someone Like You (Instrumental)

Mayer Hawthorne

Da da da du dup  
Thank you  
Da da da du dup  
If you have some time on your hands  
I'd be happy to make some plans, you know Someone like you Baby, you could be my Jane B  
And I could be your Serge Gainsbourg  
Well, I don't know what you heard  
But lately, I've been thinking you should date me  
But I can't seem to find the words  
And I've been out here so long  
And I don't know what's right or wrong  
But I know that this feels right to me, ooh we  
And I can't make no guarantee  
But, If you spend some time with me  
Well maybe we'll find this destiny Ohh, I just want someone to share this view  
All the amazing different places I've been to  
All the good times and the bad times I've been through  
Baby it could be you Ooh, honey, I got a little money  
My pocket's got a hole burned through  
And I don't know what to do  
Fashionably tardy  
The life of every party  
I'd rather be at home with you  
It's true And I've been out here so long  
And I don't know what's right or wrong  
But, I know that this feels right to me, ooh we  
And I can't make no guarantee  
But, If you spend some time with me  
Well maybe we'll find this destiny Ohh, I just want someone to share this view  
All the amazing different places I've been to  
All the good times and the bad times we'll go through  
Baby it could be you  
It should be you Honey, should be you Hey, what do you say  
This could be every day  
Why don't you come my way Hey, what do you say  
This could be every day  
Why don't you come my way Hey, what do you say  
This could be every day  
Why don't you come my way Hey, what do you say

This could be every day  
Why don't you come my way  
Come my way
