

Wastoid Girl

JEFF the Brotherhood

Look at me I'm all dressed up, And I'm ready for the party, Baby
Come pick me up, I need a ride, cause my car just died and I've been, Waiting, Oh

Don't kick me out, I'm too wasted and I can't get home
Let me stay, I just wanna be here on this couch oh oh oh oh oh oh

Where'd she go, I lost my ride, And I'm hungry and it's colder, At night
It's ok I got my shit, I can walk home if I really, Need it, Oh

Don't kick me out, I'm too wasted and I can't get home
Let me stay, I just wanna be here on this couch oh oh oh oh oh oh

Don't kick me out, I'm too wasted and I can't get home
Let me stay, I just wanna be here on this couch oh oh oh oh oh oh
