Rose Hips Lady

Catman Cohen

Rose hips lady
Your field is ripe
Bury my torn body
In that rain-soaked nightTaste those sweet confessions
On your baby breath
Lift this wounded flag
Into your burning nestOh, yes, I will
I willRose hips lady
Your field is ripe
Bury my torn body
In that rain-soaked nightTame the roaring tiger
Never lets you rest
Take my last reward
From your moonlit breastsOh, yes, I will
I willDaddys gone hunting
Hes gone away
Daddys gone hunting
Wont be back for daysLeft you with a lover
Makes a shrine
Of your skinLeft you with a lover
Takes you down
Roads of sinLeft you all alone
AloneAnd the knots cut deep
Through the musk and flesh
Of hot regret
And the love you need
Its a shadow
Never lets you restYou release the Beast
From a well thats wet
You will confess
That the love you need
Its a shadow
Never lets you restRose hips lady
Aaaaaah.....
