Only By Following Jesus

Keith Green

Hallelujah
Gods been talking to ya
You can be what youre meant to be
But only by following JesusThe kingdom come now
The devil is on the run now
And you can live for eternity
But only by following JesusKnow where youre heading
'Cause it gets so upsetting
When your friends let you down
And there aint no love aroundLook straight ahead now
And learn what Jesus said
He would never forsake you
The time is short nowYouve got to give him a good report now
And start living accordingly
Its getting hard now
You gotta start in your own backyard nowBut it will be coming more easily
But only by following JesusKnow where youre heading
'Cause therell be no regretting
When you walk in that place
And see the glory on His faceLook straight ahead now
Remember what Jesus said
How He would come back for you
The world is dyingAnd youve been getting
So tired of trying
But youll be finding a remedy
Only by following JesusThe time is coming
When those on earth will be hiding and running
From the lamb of eternity
'Cause they werent following JesusNo, no, they werent following Jesus
No, no, they werent following, they werent following
They werent following Jesus
Hallelujah, the Lord of Heavens been talking to ya
Hallelujah, the Lord of Heavens been talking to ya
