

Sacred (Rich B & Phil Marriott Radio Edit)

Erasure

We close our eyes and fantasise
To see what dreams will come alive
Our created energy runs through
When we connect our consciousness
Make our love a guiding light
And I am there in every part of you Never feel that you're alone
Hold on tight and I'll be strong
In spite of all the things we've done
Our love is all Sacred We pray for love and deeper meaning
Holding our emotions in
Would only keep us prisoners inside
We let our minds and hearts release us
Pure intention sets us free
And there is nowhere left for us to hide Never feel that you're alone
Hold on tight and I'll be strong
In spite of all the things we've done
Our love is all Sacred like a thousand stars
Sacred when I'm in your arms
Oh you keep me safe from harm
Our love is all This is all we ever needed Sacred Never feel that you're alone
Hold on tight and I'll be strong
In spite of all the things we've done
Our love is all Sacred like a thousand stars
Sacred when I'm in your arms
Oh you keep me safe from harm
Our love is all Sacred
