

Fireworks

Alabama

Once I was cold
But now I know
How a fireworks
'Cause I felt the flame
It drove me insane
FireworksThere was this lady
Soft as as a gentle glow
She told me everything
That she knows
About fireworks
She's got fireworks
Now on the fourth of July
By the riverside
There was fireworks
And by her dark green eyes
I was hypnotised
By her fireworksShe lit a fuse in the
Dark of the night
Then I got off
Like dynamite
On her fireworks
She's got fireworksA million colors shooting
Across the sky
Moment any man
Could fantasize
Ahw. Fireworks
Got fireworks . Ahw.
Now I'm meeting her here
But she's dis-appeared
And took her fireworks
She burning up someone
With her fever and fun
And her fireworksSome lucky man is gonna
Need her so
And when he does
I know he's gonna know
Her fireworks
She's got fireworks
FireworksA candle burning at both ends

FireworksHotbed of coal... Ahhh.
Fireworks
FireworksFire, fire
Fire, fire
FireworksFireworks
Hot as coal... Ahhh.Fireworks
FireworksFire, fire
Oh, Oh,
FireworksFireworks
Hot bed of coal...
