

# Ain't That Enough

## Teenage Fanclub

If you can I wish, you would  
Only if you feel, you should  
Bring your loving overAll adds up with circumstance  
All stood up with taking stands  
Bring your loving overHighlights glisten  
Silence listens  
Days that found you  
Embrace that found youHere is a sunrise, ain't that enough?  
True as a clear sky, ain't that enough?  
Toy town feelings here to remind you  
Summers in the city do what you gotta doTime can only make demands  
Fill it up with grains of sand  
Bring your loving overHighlights glisten  
And silence listens  
Days that found you  
Embrace that found youHere is a sunrise, ain't that enough?  
True as a clear sky, ain't that enough?  
Toy town feelings here to remind you  
Summers in the city do what you gotta do  
Toy town feelings whose gonna argue  
Summers in the city, summers in the city
