Kite Song

Rosie Thomas

Oh, tie me to the end of a kite
So I can go on, I can go on with my life
Every marigold I pass below
Will be my guiding light
I just want to go away from here
Oh, tie me to the end of a kite
So I can go on, I can go on with my life
Every time the wind blows stronger
I will feel my spirit rise
I just want to go away from here
Oh, tie me up and tightly by your side
So I may go with you where ever you reside
Anytime the road looks dimmer
I will be your guiding light
I just want to go away with you
I just want to go away with you
