Carry On

Freedom Call

Carry on, carry on
The chanting has begun
A hymn of fame and glory foreverAnd ride on, ride on
In union we are strong
A symphony for freedom and gloryWe are strangers in a strange land
We are born as renegades
And show the world what they should seeWe are standing at the crossroads
Revolution is our way
We're breaking down the walls of hateCarry on, carry on
The chanting has begun
A hymn of fame and glory foreverAnd ride on, ride on
In union we are strong
A symphony for freedom and gloryWe are guardians of the future
Defenders of our faith
And we are bound for victoryWhen our hearts call for rebellion
Raising hands up to the sky
And tell the world to turn awayCarry on, carry on
The chanting has begun
A hymn of fame and glory foreverAnd ride on, ride on
In union we are strong
A symphony for freedom and gloryCarry on, carry on
The chanting has begun
A hymn of fame and glory foreverCarry on, carry on
The chanting has begun
A hymn of fame and glory foreverAnd ride on, ride on
In union we are strong
A symphony for freedom and glory
