

# Siren Call

## Little Daylight

You told me you've got too much to lose  
Another night you hesitate to move  
Just because you never loved before, oh oh  
Close your eyes & I'll do the same  
Leave your past, release the memories  
Drop your feels & face the gaze ahead, oh oh

Like a siren call the beating of your heart  
Ooh oh, you can find your way  
'Cause even in the dark  
It leads you on  
It leads you oooooon  
Take a look at the fantasy eh  
It will make your heart believe it, ooh oh oh  
Take a look at the fantasy eh  
Just a little bit fantasy eh!

You're afraid you're gonna fuck this up,  
Feeling like you don't deserve this life  
Tell your friends you don't believe you're loved  
Oh oh!

Like a siren call the beating of your heart  
Ooh oh, you can find your way  
'Cause even in the dark  
It leads you on,  
It leads you oooooon  
Take a look at the fantasy eh  
It will make your heart believe it, ooh oh oh  
Take a look at the fantasy eh  
Just a little bit fantasy eh!

Can't believe it's what you've got  
Let the sirens, just don't want  
Hoping your eyes? dreaming free

Ooh oh oh  
Take a look at the fantasy eh  
It will make your heart believe it,  
Ooh oh oh

Take a look at the fantasy eh  
Just a little bit fantasy eh!  
Ooh oh oh  
Take a look at the fantasy eh  
It will make your heart believe it,  
Ooh oh oh  
Take a look at the fantasy eh  
Just a little bit fantasy eh!  
Ooh oh oh  
Ooh oh oh  
Ooh oh oh  
Take a look at the fantasy eh  
It will make your heart believe it,  
Ooh oh oh  
Take a look at the fantasy eh  
Just a little bit fantasy eh!  
Ooooooh oh oh!
