One Day

Chris Crocker

We had love in the palm of our hands,
But we let it slip to the ground (ground, ground)
Didn't work out the way that we planned,
Now we're just left hurtin' without (without).Those starry nights out inside your car,
Just wishin' on a star (sta-a-a-a-a-ar).One day you'll look back and see, all the love that you left in me,
How could you just throw it away? (away),
One day you'll look back I'll be, just a faded out memory,
I see it all slippin' away (away),
It's never too late, baby don't wait,
Or this moment'll pass you by,
And,
One day you'll look back and see, all the love that you lost in me,
And hate how you threw it away (away),
I-I love you, I-I really do, I-I love you, I-I really do.Lost the trust when you ran back to him,
I guess you thought I wouldn't find out (find out, find out),
Kept on saying that you two were just friends,
I guess you thought that kissing didn't count (count).Those starry eyes I used to wish on are,
Just lyin' to me now. (n-n-n-n-n-n-now)One day you'll look back and see, all the love that you left in me,
How could you just throw it away? (away)
One day you'll look back I'll be, just a faded out memory,
I see it all slippin' away (away)
It's never too late, baby don't wait,
Or this moment'll pass you by (by),
And,
One day you'll look back and see, all the love that you lost in me,
And hate how you threw it away (away)
I-I loved you, I-I really do, I-I love you, I-I really doI don't wanna let go,
'Cause I'm not ready to say goodbye (no),
Baby don't change the station,
'Cause you're the only song that I wanna hear (oh, yeah-eah-eah-eah),
I miss the scent of your clothes,
The way I would pinch your nose,
I don't know what else to say,
But don't let go, tonight.One day you'll look back and see, all the love that you left in me,
How could you just throw it away? (away),
One day you'll look back I'll be, just a faded out memory,
I see it all slippin' away (away),
It's never too late, baby don't wait,
Or this moment'll pass you by (by),

And,
One day you'll look back and see, all the love that you lost in me,
And hate how you threw it away (away),
I-I love you, I-I really do, I-I love you, I-I really do (I really do, do, do, do, do).When you mix lies with love,
You end up with nothing.
