

# Aya

## Paul Michel

She's a reckless lover with her blood stained hands  
'Round the neck of her helpless man  
She's the midnight silence, an outbound train  
She's glory of fallen names  
Aya, Aya, we're alone  
And there's no room here anymore  
Aya, Aya, we're alone  
And there's no room here anymore  
She's a patient killer, a timeless hand  
The choke of the falling sands  
She's a proven saint with a witches tongue  
The gods of war at her command  
Sweet Aya, bring it on  
I wanna kiss you till they're gone  
Sweet Aya, bring it on  
I wanna kiss you till they're gone  
Till they're all gone  
Aya, Aya, we're alone  
And there's no room here anymore  
Aya, Aya, we're alone  
And there's no room here anymore  
She's the broken shadows on the fallen walls  
With no master there's no call  
She's the faithful silence that visits all  
With no mercy, no remorse  
Aya, Aya, we're alone  
And there's no room here anymore  
Aya, Aya, we're alone  
And there's no room here anymore  
Sweet Aya, bring it on  
I wanna kiss you till they're gone  
Sweet Aya, bring it on  
I wanna kiss you till they're gone  
Till they're all gone  
Aya, Aya, we're alone  
And there's no room here anymore  
Aya, Aya, we're alone  
And there's no room here anymore  
Aya, Aya, we're alone

There's no room here anymore  
Aya, Aya, we're alone
