Did you think i'd stand there while you kicked me in the face doesn't make much sense to push me down I need explanation to adjust my way of thought did you think you'd find me hanging round and it's ten years later and I haven't left your side even though you gave me reason to and I'm standing over your body's losing life I guess things are hard to name a few did you think i'd take it when you pushed me in disgrace very hard to leave that behind I hate aggravation but that's why you made me fight have to face it you were just high.
