

# Raindrops

## Stunt

Rain drops  
Ya probably ain't expecting this one  
Nope, yeah, clap clap un hun  
This something my grandmother would dance to or something Nights like this I wish  
That rain drops would fall  
Nights like this I wish  
That rain drop would fall Ay grandma and grandpa  
Look at ya grandson, I done made it far  
Damn nana, I know it's killing ya bones that damn cancer  
I wish I had an answer, but I don't I'm jus' wishin' for an answer  
Watchin' my mamma cry, she's watchin' her mamma die  
Every second I'm drying my mamma eyes, she so proud of her son  
See right through my mamma eyes, she just follow the drips  
U can't dodge the rain but u can follow the drips And every drop of rain that falls, has a drop a pain involved  
You better believe  
88 cocaine it solves, now the dope came in charge yup  
I see my niggaz for what they really are, what we really are  
The dicks we really are, let it rain Nights like this I wish  
That rain drops would fall  
I know u wishing it would rain  
Nights like this I wish  
That rain drop would fall It has been long fights like this  
Long days, long nights nights like this  
I'm wishing for rain, nothing but the wind ever came  
Little girls with they skirt up, the world's getting worser  
Man I twirled through the world in a roaster  
Twirling the smoke up, I be so high  
Shit a week goes by, I still think the week just started  
Man weed still sparking, still in tune with the street man He still sparking, go ahead nigga leap feel frogish  
These streets I harnish, my peeps my partners  
Cam, Jim, Zeek my sponsors, black, Griz, snags my monstrous  
Paper, drugs, twin my anchor, robs, 40, doe, guard  
Bus, train and go hard, let it rain Nights like this I wish  
That rain drops would fall  
Nights like this I wish  
That rain drop would fall This is a story, about a young boy wishin' for glory  
Rap, riches and glory, some people I'll love to share it with  
Yeah my people my thugs I'll share it with  
You can't eat through this love I'm dealing with

You can't see through this love I'm dealing with  
You can't be through or eat through this love I'm dealing with  
It's real I'm feeling it my niggaz, cats plan on killing it  
Rats real I'm reeling it all men like fishermen Say, hey hey hey baby, yeah  
Drive sticks while sticking 'em, young chicks I'm dicking em  
All down and yeah they all down  
But why it got to be like this, why every girl I meet got to be like this  
Let it rain Nights like this I wish  
That rain drops would fall  
Nights like this I wish  
That rain drop would fall Let it rain  
I'm just sitting here  
Wishing it would rain  
I'm just sitting here  
Waiting for the rain  
Waiting for the rain
