

# Flip The Script

Prima J

Yeah, Uh huh, Yeah  
Prima J  
Yeah, Uh huh, Yeah Jessica  
Yesterday told myself that I would do it alone  
Don't never let nobody mess up my flow (my flow)  
I'm good wit me (I'm good wit me)  
Not sayin' love ain't nothin' I ain't felt before (oh no)  
Now I'm bugging waiting here on your call  
No It couldn't be (couldn't be) But y'all  
this where your girl start acting crazy  
This is what ya hear on the radio  
This is why I'm stressin', creepin', stalking, steady checkin' who you talkin' to  
I really didn't get it before But ya flipped the script  
Look what ya did to me  
Ya flipped the script  
Baby ya killin' me  
Flip the script  
And I'll never be the same again  
Yeah Yeah  
'Cause ya flipped my script  
Look what ya did to me  
Ya flipped the script  
Baby ya killin' me  
Flipped the script  
And I'll never be the same again  
Yeah Yeah Jessica  
This ain't me  
damn you got me going outta control  
I can't believe I'm really one of those hoes  
No It couldn't be (couldn't be)  
And no way (no way)  
Could I be really catching feelings Oh no (Oh no)  
It's like I can't imagine being solo  
No I'm good with me this where your girl start acting crazy  
This is what ya hear on the radio  
This is why I'm stressin', creepin', stalking, steady checkin' who you talkin' to  
I really didn't get it before But ya flipped the script  
Look what ya did to me  
Ya flipped the script

Baby ya killin' me  
Flipped the script  
And I'll never be the same again  
Yeah Yeah  
'Cause ya flipped my script  
Look what ya did to me  
Ya flipped the script  
Baby ya killin' me  
Flipped the script  
And I'll never be the same again  
Yeah Yeah I said I never say never  
But ya got me Flippin' Flippin' up  
Ohh baby why'd you have to give me  
Give me lovin' oh no (oh no)  
Now I'll never be the same again  
I said I never say never  
But ya got me Flippin' Flippin' up  
Ohh baby why'd you have to give me  
Give me lovin' oh no (oh no)  
Now I'll never be the same again this where your girl start acting crazy  
This is what ya hear on the radio  
This is why I'm stressin', creepin', stalking, steady checkin' who you talkin' to  
I really didn't get it before But ya flipped the script  
Look what ya did to me  
Ya flipped the script  
Baby ya killin' me  
Flipped the script  
And I'll never be the same again  
Yeah Yeah  
'Cause ya flipped my script  
Look what ya did to me  
Ya flipped the script  
Baby ya killin' me  
Flipped the script  
And I'll never be the same again  
Yeah Yeah This where your girl start acting crazy  
This is what ya hear on the radio
