Www.memory

Alan Jackson

I know you're leavin', I see the signs
You're gonna walk out on this heart of mine
You'll never call me, you'll never write
You made your mind up and you're gone tonight
If some rainy day you're all alone
You feel like talkin', you can log me on
At www dot memory
I?ll be waitin' for you patiently
If you feel the need just click on me
At www dot memory
You won't even have to hold me or look into my eyes

You can tell me that you love me through your keyboard and wires
Though you won't have to touch me or even take my hand
Just slide your little mouse around until you see it land
At www dot memory
I'll be waitin' for you patiently
If you feel the need just click on me
At www dot memory
If you feel like love just click on me
At www dot memory
