

# Soul On Soul

Rod Stewart

No one ever told me, no one ever said  
No one ever loved me till I was goin' outta my head  
No one ever listened, to the things I tried to say  
You gave me everything I needed, that's your way  
You gave me hope, you gave me love  
You gave me faith to carry on Good God have mercy on me  
Don't you desert me, baby  
I wanna be together soul on soul this time  
(Believe me, baby)  
Believe me, baby  
Don't ever leave me lonely  
I wanna be together soul on soul this time No one ever held me, as good as this before  
No one ever stopped me when I was runnin' out of the door  
You set me free, you made me shine  
You gave me arms to make you mine Good God have mercy on me  
Don't you desert me, baby  
I wanna be together soul on soul this time  
(Believe me, baby)  
Believe me, baby  
Don't ever leave me lonely  
I wanna be together soul on soul this time Love made me so gun shy  
Don't say, don't say another word  
Love feels so radical  
That I lose my way when you're here by me Good God have mercy on me  
Don't you desert me, baby  
I wanna be together soul on soul this time  
(Believe me, baby)  
Believe me, baby  
Don't ever leave me lonely  
I wanna be together soul on soul this time Good God have mercy on me  
(Have mercy)  
Don't you desert me, baby  
I wanna be together soul on soul this time  
(I wanna be together soul on soul this time)  
(Believe me, baby) Believe me, baby  
(Believe me, baby)  
Don't ever leave me lonely  
(Don't ever, ever leave me)  
I wanna be together soul on soul this time

(Soul on soul this time) Good God have mercy on me  
(Good God have mercy on me)  
Don't you desert me, baby  
(Don't you desert me, baby)  
I wanna be together soul on soul this time  
(Soul on soul this time) (Believe me, baby, ooh, ooh)  
Believe me, baby  
Don't ever leave me lonely  
I wanna be together soul on soul this time  
(I wanna be together soul on soul this time)
