Sailing On

SickSinus

Sailin' on, sailin' on
I can hear sweet voices singin, hear sweet music playin
Sailin' on, sailin' on
Oh, I wish you were here with me when I'm sailin on
Well, the spring, summer, autumn, and winter
All I know, you're gonna lay your head on my pillow
Ooh, on a normal night, spring, summer, autumn, winter
All I know, you're gonna tell me which you prefer
Sailin' on, sailin' on

Oh, I wish you were here with me when I'm sailin on
Everybody clap your hands
Sailin' on, sailin' on
Oh, I wish you could be with me when I'm...
Oh, I wish you could be with me when I'm...
Oh, I wish you could be with me when I'm...
Oh, I wish you could be with me when I'm...
Sailin' on
Everybody clap your hands
