Video Kid

The Birthday Massacre

Next phase, next craze, next nothing new
Got the pretty boy beat him up black and blue
Broke the sissy boy's teeny toy heart in two
Turned him into a video kid like youI know you're just pretending
There's no window for mistake
I know you see right through me
There's no promise left to breakShot the pretty boy killed him on commodore
Need a new game, need a new something more
Got a new face got a new way to score
Got a voice like something I've heard beforeI know you're just pretending
There's no window for mistake
I know you see right through me
There's no promise left to breakThe message misleading
We're lying, we're cheating
We're only repeating
The motions precedingI know you're just pretending
There's no window for mistake
I know you see right through me
There's no promise left to break
