The Street Sliders

Show me how to get home
Throw me like a stone
Show me how to get home
You love to watch me crawlHome, just get me home, home, home
Stoned, cause I feel so stoned, oh noWent to church one day
Repent my evil ways
I heard a voice call down
His words of wisdom sangHome, just get me home, home, home
Stoned, cause I feel so stoned, oh noGot this feeling inside my head
I'm spinning out of my ferris wheel redFeels like home, it feels like home...Standing by a sea
Staring at my feet
Twenty miles high
Tangerine filled skyHome, just get me home, home, home
Stoned, cause I feel so stoned, oh no
Home, just get me home, home, home
Stoned, cause I feel so stoned, oh noFeels like home, it feels like home
