

# Sister Fate

[Sheila E.](#)

There's a nasty rumor that's goin' 'round  
People think that U and, U and I are goin' down  
They insist that we're more, more than just friends  
So I'm gonna stick around until this movie ends I'm gonna leave it up 2 Sister Fate, destiny  
She's the only thing that's standin' in the way of U and me  
Sister Fate, destiny  
One day we're gonna be 2gether, wait and see, wait and see There's an awful story that's in the news  
People say that I'm, I'm in love with U  
If they knew the real truth, they'd probably die  
I could never do nothin' 2 live up 2 those lies  
sister, huh There's a nasty rumor that's going 'round
