Fairweather Boyfriend

Toby Lightman

Am I just a flame in your fire
That only keeps you warm when you desire it?
Am I just a fool in the end
Someone that you know you can depend on?
Am I just a photo in a frame
Waiting on you to look my way?
Say it ain't so, but everybody knows
You've always been cold as a fair weather boyfriend
Oh, it's three o'clock in the morning
My cell phone's pouring your number
You're calling, you wanna come over
Am I your one and only, or is it that you're feeling lonely?
Ain't playing red rover, so stop coming me over

But it's so hard to say no to you
Boy, if I only knew
Oh, it's six o'clock in the morning
And I'm crying on your cold shoulder
Is it easy to love me then leave me?
Oh, so you turn off the night
With a switch of the light, it's blinding
I'm always, always finding
It's so hard, wo, it's so hard
And I know you know
That I fall apart every time
And I know you know
